

ITEM #VI.D.

Resolution No. 2010-2

A RESOLUTION OF THE SOUTH BAY CITIES COUNCIL OF GOVERNMENTS (SBCCOG) AUTHORIZING ICLEI AFFILIATE MEMBERSHIP

WHEREAS, scientific consensus has developed that carbon dioxide (CO₂) and other greenhouse gases released into the atmosphere have a profound effect on the Earth's climate; and

WHEREAS, the 2007 Fourth Assessment Report from the Intergovernmental Panel on Climate Change (IPCC) states that it is very likely that most of the observed increases in globally averaged temperatures since the mid-20th century are due to human-induced greenhouse gas emissions; and

WHEREAS, in 2006 the U.S. National Climatic Data Center confirmed clear evidence of human influences on climate due to changes in greenhouse gases; and

WHEREAS, the U.S. Conference of Mayors endorsed the 2005 U.S. Mayors' Climate Protection Agreement initiated by Seattle Mayor Nickels and signed by more than 800 mayors in the United States; and

WHEREAS, the Urban Environmental Accords adopted by local government delegates during UN World Environment Day 2005 call for reduced emissions through energy efficiency, land use and transportation planning, waste reduction, and wiser energy management; and

WHEREAS, in 2003 the American Geophysical Union adopted a Statement noting that human activities are increasingly altering the Earth's climate and that natural influences cannot explain the rapid increase in near-surface temperatures observed during the second half of the 20th century; and

WHEREAS, in 2001, at the request of the Administration, the National Academy of Sciences (NAS) reviewed and declared global warming a real problem likely due to human activities; and

WHEREAS, the 2000 U.S. Global Change Research Program's (USGCRP) First National Assessment indicated that global warming has begun; and

WHEREAS, 162 countries including the United States pledged under the United Nations Framework Convention on Climate Change to reduce their greenhouse gas emissions; and

WHEREAS, energy consumption, specifically the burning of fossil fuels, accounts for more than 80% of U.S. greenhouse gas emissions; and

WHEREAS, local government actions taken to reduce greenhouse gas emissions and increase energy efficiency provide multiple local benefits by decreasing air pollution, creating jobs, reducing energy expenditures, and saving money for the local government, its businesses, and its residents; and

WHEREAS, ICLEI – Local Governments for Sustainability has invited the SBCCOG to join ICLEI as an Affiliate Member;

NOW THEREFORE, BE IT RESOLVED, that the SBCCOG will join ICLEI as an Affiliate Member and pledges to continue to take a leadership role in promoting public awareness about climate protection and sustainability; and

BE IT FURTHER RESOLVED, that the **SBCCOG** will assist member cities to undertake ICLEI's five milestones to reduce both greenhouse gas and air pollution emissions throughout the community, and specifically:

- Conduct a greenhouse gas emissions inventory and forecast to determine the source and quantity of greenhouse gas emissions in the jurisdiction;
- Establish a greenhouse gas emissions reduction target;
- Develop an action plan with both existing and future actions which when implemented will meet the local greenhouse gas reduction target;
- Implement the action plan; and
- Monitor and report progress; and

BE IT FINALLY RESOLVED, that the SBCCOG will undertake Affiliate Responsibilities to foster regional collaboration and coordinate delivery of climate protection and sustainability resources to local governments, and specifically:

- Assign one staff and one policy board member to serve as a liaison to ICLEI;
- Agree to send ICLEI membership materials to all local governments with which the COG works;
- Provide updates to ICLEI on activities within the region to report/include in regional and national newsletters;
- Provide information on best practices and successes from member local governments.

PASSED, APPROVED, AND ADOPTED this 27th May, 2010.

Ellen Perkins, SBCCOG First Vice Chair
Councilmember, Palos Verdes Estates
