

**SOUTH BAY CITIES
COUNCIL OF GOVERNMENTS**

Briefing for Legislative Staff

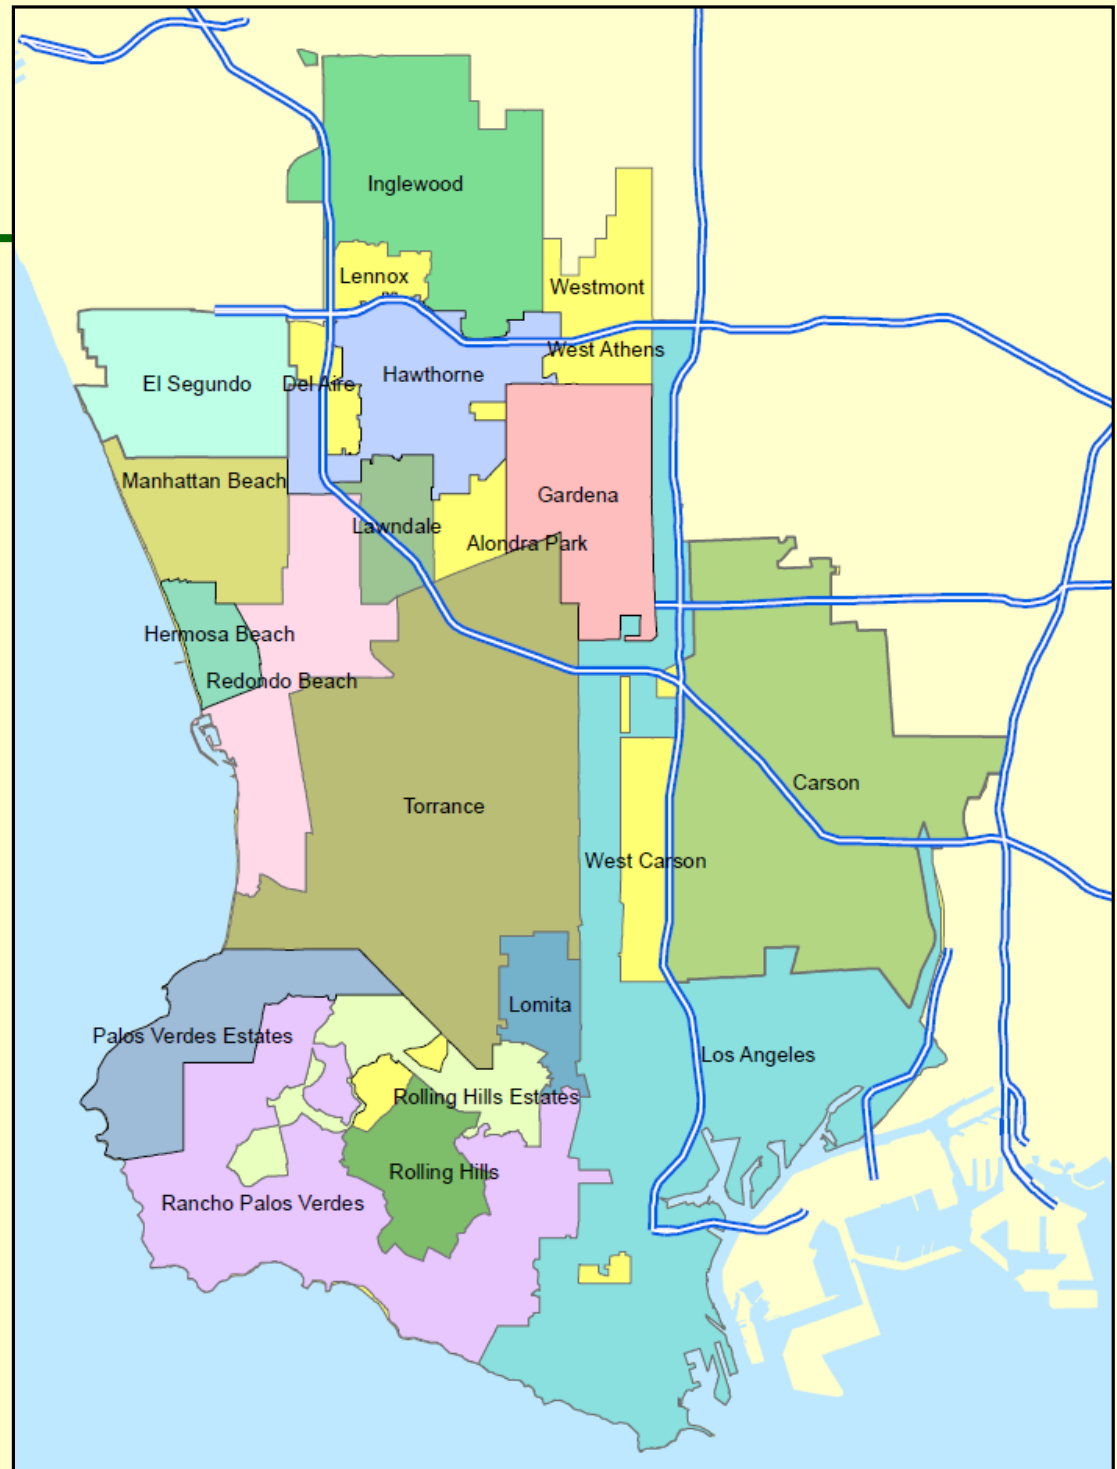

October 8, 2015

Update of South Bay

Initiatives for:

- Highlights since July

SBCCOG Initiatives Update

- Dedicated Homeless Services for the South Bay
- Battery Electric Vehicle Demonstration Presentation of Findings
- Green Building Challenge for businesses & properties

Homeless Services for South Bay

- Dedicated community outreach program specific to the South Bay provided by People Assisting the Homeless (PATH)
 - Mobile case management
 - Dedicated local hotline
 - Coordination with the local service providers

Battery Electric Vehicle Findings

- *Charging Forward: Realizing the Potential of Electric Vehicles*
 - Thursday, November 12 – 11:30 am 2:30 pm
- The objectives of *Charging Forward* include:
 - sharing the findings and recommendations of the demonstration with interested parties;
 - discussing the feasibility of implementing the recommendations;
 - obtaining advice from stakeholders on next steps, and
 - forming new partnerships with other organizations in order to more effectively accelerate the PEV market

EV Event – Charging Forward (cont'd)

- Some of the topics that will be discussed include:
 - Is the current BEV the right product?
 - What should BEV marketing emphasize?
 - Do applications differ between BEVs and NEVs?
 - How can the subsidies be made more effective?
 - What's the role of land use in accelerating zero emission vehicles?
 - What other vehicle or charging infrastructure demonstrations could contribute?

Green Building Challenge

- Accelerating adoption of sustainability by engaging South Bay Cities business community in competition
 - A friendly competition among local buildings and businesses.
 - Designed to drive measurable sustainability improvements within a community.
 - By structuring activities as part of a game.
