RE: 2013 SCAG District Evaluation Process

Dear Ms. Bacharach:

As you may be aware, the Bylaws of the Southern California Association of Governments (SCAG) requires that in years ending in 3 and 8, the Regional Council review the current composition of the Regional Council Districts based upon geographic community of interest and approximately equal population. The Regional Council has recently delegated this task to the District Evaluation Subcommittee. At its meeting held on August 14, 2013, the District Evaluation Subcommittee began the evaluation process and established a desired population range of 200,000 to 300,000 people per Regional Council District which was also the same population range used during the last SCAG District Evaluation process held in 2008. There are currently 67 Regional Council Districts with the SCAG Bylaws providing for a maximum of 70 Districts.

In accordance with the SCAG Bylaws, the agency now seeks your input regarding any recommended changes to the Districts in the South Bay Cities Council of Governments (SBCCOG) subregion. The District Evaluation Subcommittee has requested that you provide your recommendations as soon as reasonably possible, and therefore, we request that you provide this information to SCAG by the close of business on **Monday, September 9, 2013**.

Enclosed with this letter are two tables that may be helpful with your review. Table 1 lists the current composition of the 67 Regional Council Districts along with their population data based upon the most recently available data from the State Department of Finance. Table 2 lists the current composition and population figures for the Regional Council Districts in the SBCCOG subregion (i.e., Districts 28, 39 and 40). As you can see, all of the Districts in the SBCCOG subregion are within the target population range. As additional background information, please note that SCAG records show that during the 2008 SCAG District Evaluation process, the Districts in the SBCCOG were also within the population range and no changes were made to the composition of these Districts.

Finally, a map of the SCAG region identifying the cities within the different Regional Council Districts is available for viewing at http://maps.scag.ca.gov/web/RCdistrict_2013.pdf. This link allows users to view the map while not having to download the PDF.

We appreciate your prompt review of this matter request again that you inform SCAG of any recommended changes related to the Districts in the SBCCOG subregion by September 9, 2013. Should you have any questions regarding this letter, please feel free to contact myself at (213) 236-1928 or Mark Butala, Manager of Regional Services, at (213) 236-1945.

Sincerely,

A handwritten signature in black ink, appearing to read 'Joann Africa', with a long horizontal line extending to the right.

Joann Africa
Chief Counsel

Enclosures
