House Passes Hahn Bill to Aid Homeless Veterans

In July, the House of Representatives passed legislation that I have long fought for to extend federal aid to homeless veterans fleeing domestic violence. Unfortunately, women veterans face domestic violence at rates much higher than other women. Veterans have put their lives on the line for our country and should never find themselves without a safe home to come back to. By making a small yet significant policy change, we are providing veterans fleeing domestic violence access to the resources they need to stay safe and avoid having to choose between staying with an abuser and becoming homeless.

Welcoming the Boys and Girls Club of LA Harbor

When members of the Boys and Girls Club of LA Harbor visited Washington, I had the pleasure of welcoming

them to our nation's Capital! This photogenic group is part of the Keystone Leadership Program and is from the Wilmington, San Pedro and the Port of LA areas.

Celebrating 50 Years of Medicare

On July 30, 2015 we celebrated the 50th anniversary of our nation's Medicare and Medicaid programs. Before Medicare and Medicaid, 1/2 of all seniors were uninsured and living in poverty. Today, Medicaid provides healthcare to nearly one in three American children. These programs are too important to roll back or phase out. I am prepared to protect and strengthen Medicare and Medicaid so that they may serve American families for decades to come!

Art Competition Winner Visits Washington

In June, I welcomed Kevin Estrada, a Lynwood High junior and the winner of my Congressional Art competition, to Washington! Kevin, his father and his little sister were flown out to DC for a ceremony for winning students from across the country. Kevin is a talented young man with a great attitude. I am so impressed by the artwork he submitted, and I am looking forward to seeing it every day on my way to votes!
