

## PROFILE

My wife Jenn and I grew up in Southern California. We care about clean air for our family and yours.

As Mayor Pro Tem of Hermosa Beach, I support infrastructure and planning that lowers the city's operating costs, cleans its air, and makes it more resilient.

As an Environmental Lawyer, I help public agencies across the country make polluters, not taxpayers, pay to clean up contamination.

Air pollution causes premature death, respiratory and heart disease, cancer, school and work absences, diminished quality of life, and other negative impacts with billions of dollars in public health and economic costs.

I support AQMD's efforts to clean our air, achieve environmental justice, and improve public health & the economy.

## EDUCATION

JD. Univ. Oregon (2003). Env'tl. Law.  
AB. Brown University (1993). Amer. Lit.
