RE: Green Line Southern Extension EIR

Dear L. A. Metro Board Members:

The South Bay Cities Council of Governments (SBCCOG) Board of Directors is pleased to support the staff recommendation calling for the immediate initiation of the environmental impact report for the Green Line Southern Extension to Torrance. We are interested in the analysis including the alternatives on the rail right of way and Hawthorne Blvd. in order to fully document the potential benefits and impacts of each. This is a critical milestone to ensure that the project is delivered as one of the 28/28 projects.

We request that the SBCCOG be considered as a responsible agency under the CEQA process and that we be represented to fully participate in the review of the scoping of alternatives and all draft and final documents.

Sincerely,

Britt Huff, SBCCOG Chair  
Councilmember, Rolling Hills Estates
