Proposed Workgroup Framework

1. Data:
 - Utilize HPI, Beach Cities Community Health Report and other data to highlight the community conditions shaping health outcomes by city or SPA 8 regions.
2. Identify up to 5 top issues: (e.g., mental health, food insecurity)
 - Identify resources
 - Consider conducting environmental assessment
 - Minimize duplication of services
3. Action Plan: Assess existing and new groups to convene around these issues
 - Assemble Stakeholder Group:
 - Convene representative groups from organizations and individuals to review the data and assist with implementation – *who needs to be at the table?*
 - Create opportunities to solicit community input – *who is impacted?*
 - Prioritize areas of focus – *where do we start?*

- Create a collective implementation plan including recommended policy solutions and commitments.

4.Measurement and outcomes:

- Identify measurable outcomes
- Track results over time

Next Steps

- Set up follow-up meeting if necessary
- Share SPA 8 Workgroup plan with LA County
- Set up a date for the Workgroup to meet
