- Drafts attached. 2 items to note:
  - a. \$24,000 has been added to the MOU with MTA for a stipend that will be one year only for the staff assistant for the year that Pam is the Chair. This has NOT been agreed to by the MTA but I recommend that we submit it for the Board will have to decide.

- b. The contract with Claudette is through January 31, 2011 which is the end of Pam's term. The Steering Committee previously discussed this and felt that the new person should have a right to pick their own deputy. If they want some transitional time with the existing deputy the contract can be extended but that is their choice. Claudette Moody has asked that this be reconsidered so that our contract with her is for four year period ending June 30, 2011 as the transition is very important and also provides her with greater stability.

- **ACTION:** Review contracts as well as Claudette's request re: the term of her contract and make recommendation of approval to the Board
