2. Discussion of Services in the South Bay and where there are gaps:
 - Transportation/Mobility Issues
 - Housing
 - Recreational Activities

 - Fitness
 - Aging in Place/In-Home services
 - Medical services
 - Role of Volunteers
 - Safety/Security issues
 - Other
3. Survey???
 - percentage of each city's population is 65+, 75+, and 85+
 - what services are offered in each city (resource list)
 - what services are city-specific
 - utilization numbers of the various services offered in each city
 - what services are available region-wide
4. Would it be beneficial to work on these issues together and/or compile a South Bay Cities Resources for Seniors and have it available on our website?
5. Is there money available?
