<p>AB 2501 (Bloom)</p>	<p>Housing: density bonuses. This bill would require local government to adopt procedures and timelines for processing a density bonus application, provide a list of documents and information required to be submitted with the application in order for it to be deemed complete, and notify the applicant whether it is complete. By increasing the duties of local officials, this bill would impose a state-mandated local program. The bill would prohibit a local government from requiring additional reports or studies to be prepared by the developer as a condition of the application. Would also require each component of any density calculation that results in fractional units to be rounded up to the next whole number.</p>	<p>OPPOSE (4/28/16) (Ltr sent to Asm Approps Comm 5/4/16 & to Sen T & H Comm 6/13/16 & to Senators & Author 7/29/16)</p> <p>LCC opposed</p>	<p>8/7/16 Senate 3rd reading</p>
<p>AB 2693 (Dababneh)</p>	<p>Financing requirements: property improvements. This bill makes certain changes to the Property Assessed Clean Energy program, including: granting a property owner the right to cancel a contractual assessment prior to midnight on the third business day after executing the contract without penalty or obligation; requiring a financing estimate document to be completed and delivered to a property owner at least three business days before the property owner consummates a voluntary contractual assessment; and restricting the ability of public agencies and other parties to make representations to a property owner regarding the effect the financed improvements will have on the market value of the property.</p>	<p>MONITOR (6/30/16)</p> <p><i>PREVIOUSLY OPPOSE (ltr sent to Asm Com 4/13/16 and faxed 5/3/16)</i></p>	<p>8/17/16 Senate 3rd reading</p>

<p>SB 32 (Pavley)</p>	<p>California Global Warming Solutions Act of 2006: emissions limit. This bill would require the State Air Resources Board to approve a statewide greenhouse gas emissions limit that is equivalent to 40% below the 1990 level to be achieved by 2030. The bill would also require the state board, on or before January 1, 2018, and each year thereafter, to prepare and submit to the Joint Legislative Budget Committee and appropriate policy committees a report relating to the greenhouse gas emissions reductions achieved toward those limits.</p>	<p>MONITOR</p>	<p>8/18/16 Assembly 3rd reading</p>
<p>SB 1069 (Wieckowski)</p>	<p>Land use: zoning. Would replace the term "second unit" with "accessory dwelling unit" throughout the law. The bill would add to those findings and declarations that, among other things, allowing accessory dwelling units in single-family or multifamily residential zones provides additional rental housing stock and these units are an essential component of housing supply in California.</p>	<p>OPPOSE (6/30/16) (Ltr to Asm Approp 7/29/16)</p>	<p>8/18/16 Assembly 3rd reading</p>
<p>SB 1229 (Jackson & Stone)</p>	<p>Home-generated pharmaceutical waste: secure drug take-back bins. Under existing law, the Medical Waste Management Act, the State Department of Public Health regulates the management and handling of medical waste, including pharmaceutical waste, as defined. The act generally prohibits a person from transporting, storing, treating, disposing, or causing the treatment of medical waste in a manner not authorized by the act. A violation of that provision is a crime. This bill would provide that a collector, as defined, is not liable for civil damages, or subject to criminal prosecution, for maintaining a secure drug take-back bin on its premises if the collector, in good faith and not for compensation, takes specified steps, including that the collector regularly inspects the area surrounding the secure drug take-back bin for potential tampering or diversion, to ensure the health and safety of consumers and employees and the proper disposal in the waste stream of home-generated pharmaceutical waste, as defined, contained in the bins.</p>	<p>SUPPORT (4/28/16) (Ltr sent to authors 5/4/16)(Ltr to Asm Judiciary Comm 5/24/16)</p> <p>Supported by LA County Solid Waste Management Committee/Integra ted Task Force</p>	<p>8/16/16 Enrolled – to Governor</p>

This bill would require LACMTA to take additional steps, beyond the previous implementation of a low-income assistance program, to increase enrollment and participation in the low-income assistance program, as specified, through advertising and work with community organizations and social service agencies. The bill would also require LACMTA and the Department of Transportation to report to the Legislature by December 31, 2018, on efforts to improve the HOT lane program, including efforts to increase participation in the low-income assistance program.</p>	<p>MONITOR (2/8/16)</p> <p>OPPOSE (1/28/16) (Ltr to author 1/29/16)</p>	<p>8/17/16 Senate 3rd reading</p>
<p>SB 522 (Mendoza)</p>	<p>Los Angeles County Transportation Authority. <u>BEING AMENDED TO CHANGE MEMBERSHIP COMPOSITION AND RETAIN THE TOTAL NUMBER OF MEMBERS NOW – 13.</u> Would expand the board of directors to 24 members by adding 2 members who reside in the County of Los Angeles, one member appointed by the Speaker of the Assembly and one member appointed by the Senate Committee on Rules, selected from a list of candidates submitted by the Los Angeles County City Selection Committee, and would prohibit these members from residing in the same city as another member of the authority, as specified. The bill would instead provide for the appointment of 8 members from the other cities in the county, 2 from each sector, as prescribed. The bill would also add as members of the board of directors the Mayor of the City of Long Beach, one additional public member, and 2 additional City Council Members of the City of Los Angeles appointed by the Mayor of the City of Los Angeles.</p>	<p>MONITOR (SBCCOG staff is in touch with the author)</p>	<p>6/27/16 Assembly Rules Committee</p>
