

Local Travel Network: Stakeholder Participation Plan

SBCCOG Steering Committee: December 9, 2019

These are the stakeholder groups we intend to engage in the LTN plan; and the status of contact with each, if any. Please identify someone to contact in each case, add categories or add organizations. This is like what was done with the Green Building Program.

Destinations

- South Bay Chamber of Commerce Meeting - David has reached out; we're trying to get on their January Agenda and exploring whether they have any sub-committee's that might have interest in the LTN
- El Camino Community College - Rideshare and Transportation Department (resides within their school Police/Parking Enforcement Department); looking for other opportunities including student clubs
- CSUDH - Rideshare and Transportation Department
- Property managers or owners of the major malls, e.g., Del Amo, Galleria
- Torrance Memorial Hospital, Little Company of Mary Hospital

Travelers

- Seniors - Have a list (from SBCCOG Working Group) of interested groups who might have regularly scheduled (monthly) meetings at community senior centers.
- BCH- coordinate and facilitate meeting(s) with their active transportation groups:
- South Bay Bicycle Coalition
- City of Carson Bicycle Coalition
- South Bay Leadership Development Meetings/Training Sessions - these meetings would reach out to engaged (future) leaders. Carson has one coming up after the new year. Other cities?
- Neighborhood Council Meetings (need help identifying the appropriate ones to reach out to):
 - Redondo Beach
 - Other South Bay cities (do any of our DAC communities have these types of meetings?)
- Organizations representing "Disadvantaged Communities"
