

RAINWATER RESCUE

West Basin's **FREE** Rain Barrel Program

Catch the rain and water savings by helping to conserve water in this drought year with a FREE rain barrel.

Collecting and reusing rainwater reduces the amount of water flowing into storm drains, local waterways, and ensures that every drop of water is being used efficiently.

50-gallon capacity, includes 6 planter pots, overflow spout, and built in screen.

Downspout hose connector included.

To register

to receive your free rain barrel, call *South Bay Environmental Services Center* at 310.371.4633 and ask about our rain barrel program.

Rain barrels will be distributed at West Basin sponsored events. Participants will be notified of event dates.

Guidelines

1. Must be a resident in West Basin's service area (visit www.westbasin.org/maps to view service area map).
2. Limit 2 per household while supplies last.
3. The rain barrel must be mounted in a way that allows the barrel to receive water unimpeded from a rain gutter.
4. Should not block or restrict access to walkways or pathways.
5. Should be elevated 6 inches off the ground on a solid foundation.
6. Should be strapped to your home for safety if the height of the barrel is two times greater than the width.

Note: First come, first served, while supplies last. Program can conclude at any time.
