

South Bay Cities Council of Governments

April 28, 2022

TO: SBCCOG Board of Directors

FROM: Jacki Bacharach, SBCCOG Executive Director
Kim Fuentes, Deputy Executive Director

SUBJECT: Environmental Activities Report – March 2022

Adherence to Strategic Plan:

Goal A: Environment, Transportation, and Economic Development. Facilitate, implement, and/or educate members and others about environmental, transportation, and economic development programs that benefit the South Bay.

I. PROGRAMS - TECHNOLOGY, PLANNING, & RESEARCH

Climate

GHG emission inventory updates – CivicSpark Fellow

The SBCCOG continues to coordinate with city staff to update greenhouse gas (GHG) emissions inventories. City staff are requesting electricity and natural gas use data from Southern California Edison (SCE) and SoCalGas, respectively, in order to complete the energy section of the inventory updates. The utilities will not provide the information to the SBCCOG staff and therefore each city must request the data individually. The SBCCOG is working on the travel data and preparing additional requests for waste and water agencies.

Energy Efficiency

Regional Energy Network (SoCalREN); CITY SUPPORT

Contract period is January 1, 2020 - December 31, 2022

Contract goal: Work Plan (including goals) are underway for 2022

In coordination with the SBCCOG and the SoCalREN team, the City of Manhattan Beach will hold a residential Earth Day event, virtually, on April 27th. Attendees will hear about City energy initiatives along with ways to save energy through energy efficiency and energy conservation practices, as well as SCE, SoCalGas, and West Basin residential programs.

The SBCCOG continues to meet with cities to support state benchmarking compliance and assist cities with accessing their portfolios in ENERGY STAR Portfolio Manager (ESPM), a free online energy management tool maintained by the EPA. Each city portfolio contains property and energy usage of all city-owned buildings, thus providing an opportunity for cities to understand their energy usage in greater detail. SBCCOG staff are scheduling workshops for the month of April where cities will be trained on using their ESPM accounts and can ask any additional questions they may have on their portfolio and state compliance.

Regarding the development of the facility equipment inventor, the SBCCOG continues to coordinate with the SoCalREN. The inventory will help inform cities on equipment replacement and potentially provide the CPUC data to help develop incentives. The SoCalREN and SBCCOG

are further assessing which software should be used to compile the data. The SBCCOG secured an additional \$50,000 to support this program.

Staff continue to collect utility data for new enrollees in order to complete city specific comparative energy analysis (CEA) which helps identify energy efficiency projects. To date, CEA reports have been presented to the cities of Gardena, Hawthorne, Hermosa Beach, Manhattan Beach, Rancho Palos Verdes, Redondo Beach, Rolling Hills Estates, Torrance, and El Segundo Unified School District. The Redondo Beach Unified School District CEA is in final review and will be presented to the district shortly.

Agencies enrolled in SoCalREN to date: Carson, El Segundo, Gardena, Hawthorne, Hermosa Beach, Lawndale, Lomita, Manhattan Beach, Rancho Palos Verdes, Redondo Beach, Rolling Hills Estates, Torrance, El Segundo Unified School District, Redondo Beach Unified School District, and Torrance Unified School District.
