

South Bay Cities Council of Governments

June 22, 2023

TO: SBCCOG Board of Directors

FROM: SBCCOG Steering Committee

RE: Actions of Steering Committee in June

The Steering Committee approved SBCCOG support for C Line/K Line operating plan “Option 2” and authorized staff to submit a letter to the Metro Board of Directors. Metro staff presented their staff recommendation and results from public outreach efforts to the Transportation Committee on June 12th. It was brought to Committee’s attention that the Metro Board will be voting on the operating plan at its June 22nd meeting. The Steering Committee voted to add the item to its agenda as an emergency item because the Metro Board meets before the SBCCOG Board on June 22nd. Without Steering Committee action, the SBCCOG would not have been able to formally weigh in on its preferred operating plan.

Metro staff is also recommending Option 2. This operating plan best serves South Bay riders and creates a one-seat north/south route between the southern terminus of the Green Line and the Expo Line. The Metro presentation to the Transportation Committee is available here:
