

**South Coast AQMD Agency Update
for the April 27 SBCCOG Board Meeting**

The Annual Emissions Reporting (AER) Deadline is approaching on Monday, May 1, at 5pm. The South Coast AQMD Annual Emissions Reporting program was developed to track emissions of air contaminants from permitted facilities. Fees for emissions of air contaminants are assessed based on the reported data. These fees help to cover the costs of evaluating, planning, inspecting, and monitoring air quality efforts.

More information can be found on our website [at http://www.aqmd.gov/home/rules-compliance/compliance/annual-emission-reporting](http://www.aqmd.gov/home/rules-compliance/compliance/annual-emission-reporting), or by calling our AER hotline at (909) 396-3660. Please note that staff is receiving a high volume of questions from the AER hotline and email and will respond in the order that inquiries are received.

Board members or others can feel free to contact me if you'd like to know more about South Coast AQMD's Annual Emissions Reporting program.
